Covid19 disclaimer

Due to the current Covid-19 virus situation, we do not know if by May 2025 whether restrictions on visits, social distancing, or group travel will have been removed entirely, or what shape or form they will take.

Therefore, we cannot guarantee any of these visits until the time of reservation, when the actual visit is booked and confirmed as no-one knows what the situation will be in May 2025. If one of these sites is not open, we will suggest an alternative visit of similar quality for the group.

There are also discussions in Europe about how many people will be allowed on a coach, this may also affect the pricing below if we have to use extra coaches, or larger than expected coaches to allow for extra space on board.

There may also be other government-imposed requirements that are unknown at the current time. Should these create extra costs, we may need to discuss these with you at a later date.

Coach access city taxes in Amsterdam, Paris, Rome, Florence, Milan and Venice

These are included for the coach services, plus we include these for the hotel accommodation where it is known.

For your information, these vary from Euros 1 per person per night to Euros 6 per person per night.

Other city taxes.

Many cities may introduce these at the last moment without warning, please do advise your clients of this, in case it is imposed with short notice and we may have to pass on this cost, or they will have to pay locally on the spot.

We will always pass on details to you as soon as we are advised these taxes will be imposed.

Please note, city taxes are only included where indicated on itinerary.

Whisper headsets

We have included the rental of Whisper Headsets on this tour, as it is becoming more and more common that they are obligatory in many museums, plus walking tours are much easier with these systems, it is a small cost that increases the quality of the tour massively.

Electronic Visa Waivers to visit Europe and the UK

The European Union will introduce an electronic visa waiver system in 2025, the EU is set to announce when this will be required by the end of 2024. No precise date has been set yet, but we would prefer to advise you in advance so there are no surprises. Currently it is expected to be introduced in 2025. People travelling from countries to the EU that do not currently have to apply for a Schengen visa, will still need to apply online and pay a small sum for a visa waiver via the new European Travel Information and Authorization System (ETIAS). The website with more details is here: <https://www.etiasvisa.com/>

The UK, which is unfortunately no longer part of the EU following Brexit, is working on a similar scheme, which may be introduced in 2024 or 2025. We will send more information on this as it becomes available.
